To Serve with Excellence

~~~~~

### Ward Information ~~~~~

Paediatric Intensive Care Unit (PICU) is located at K10S ward. It provides services for patients from 1 month to 18 years old.

There are various emergency monitoring and life saving equipment. Patients who stay here will have intensive monitoring, treatment & care. When patients' condition become stable, he/she will be transferred to the general ward/referring hospital for further treatment and care.

**We have Private Patient Services,  
please approach nurses for details.**

### Ward staff ~~~~~

The multidisciplinary team comprises of Paediatricians, Surgeons, Nurses, Allied Health and supporting staff.

We aim to provide comprehensive treatment and quality care to patients. There is a duty board showing the names of doctors and nurses who are on duty.

**TO PREVENT INTERFERENCE  
TO MEDICAL EQUIPMENT  
USE OF MOBILE PHONE &  
PRIVATE ELECTRICAL  
APPLIANCES ARE PROHIBITED**

### Admission Information ~~~~~

On admission, please provide the child's birth certificate or ID card.

Please inform the doctors of any medication being use at home, any history of drug allergy. Please do not give private medications to your child without medical approval.

Please bring along toiletries such as tissue paper, bath lotion and diapers for your baby. For older kids, you may need to bring toothbrush, toothpaste, comb, slippers, toys & books. You may also bring in music box, or cassette tapes (labeled with your child's name). The hospital will not take any responsibilities for lost of personal belongings.

When your child is allowed to feed, the hospital will provide meals. please let us know if there is any known food allergy and food preference. If your child needs a special diet, please follow the diet as prescribed by the dietitian. Please let us know if you wish to bring in any food or drink for your child.

### Visiting information ~~~~~

The visiting hour started from 3pm to 8pm daily. **Parents only.**

- ★ Special arrangement for critically ill patients.
- ★ For patients who stay in the ward over 1 month, you can bring family members to visit from 4pm to 6pm during weekends and public holidays. One visitor at each time and must be accompanied by father / mother. Please arrange with nursing staff before visit.
- ★ Please turn off your mobile phone before entering the ward to avoid interference with the medical equipment.

### To ensure patient safety:

- ★ When child is in the bed / cot, be sure that the bedside rails are pulled up and locked securely before leaving.
- ★ Don't run inside the ward or climb over the window bay.
- ★ Please perform hand hygiene inside the cubicle before and after visiting your child.
- ★ Please approach nurses for patient's information; do not read the medical records.
- ★ Please do not tamper with any of the medical equipment.
- ★ Please do not smoke, eat or drink in the ward
